

## **STEP 1 (FINDING THE CIPHER USED TO ENCRYPT)**

This hints towards knights who turned into pirates after a little research you can find this article "<https://knightstemplar.co/did-the-templars-become-pirates/>" stating the templar knights that managed to escape execution are theorized to have turned into pirates to confirm this we can see a templar knight logo on the white robe in the image.

## **STEP 2 (DECRYPTION)**

After some research on ciphers related to this you will find a variation of pigpen cipher called Templar Cipher and when you use it to decrypt the symbols on the image we get the flag

"DJSISACA{DID\_YOU\_KNOW\_ROGER\_DE\_FLOR\_WAS\_AN\_OUTSTANDING\_TEMPLAR\_KNIGHT\_WHO\_BECAME\_A\_SEA\_CAPTAIN\_AND\_LATER\_TURNING\_INTO\_A\_MERCENARY\_AND.LEADING\_THE\_NOTORIOUS\_CATALAN\_COMPANY}".
