

=====

**Challenge Title:** The Clumsy Con

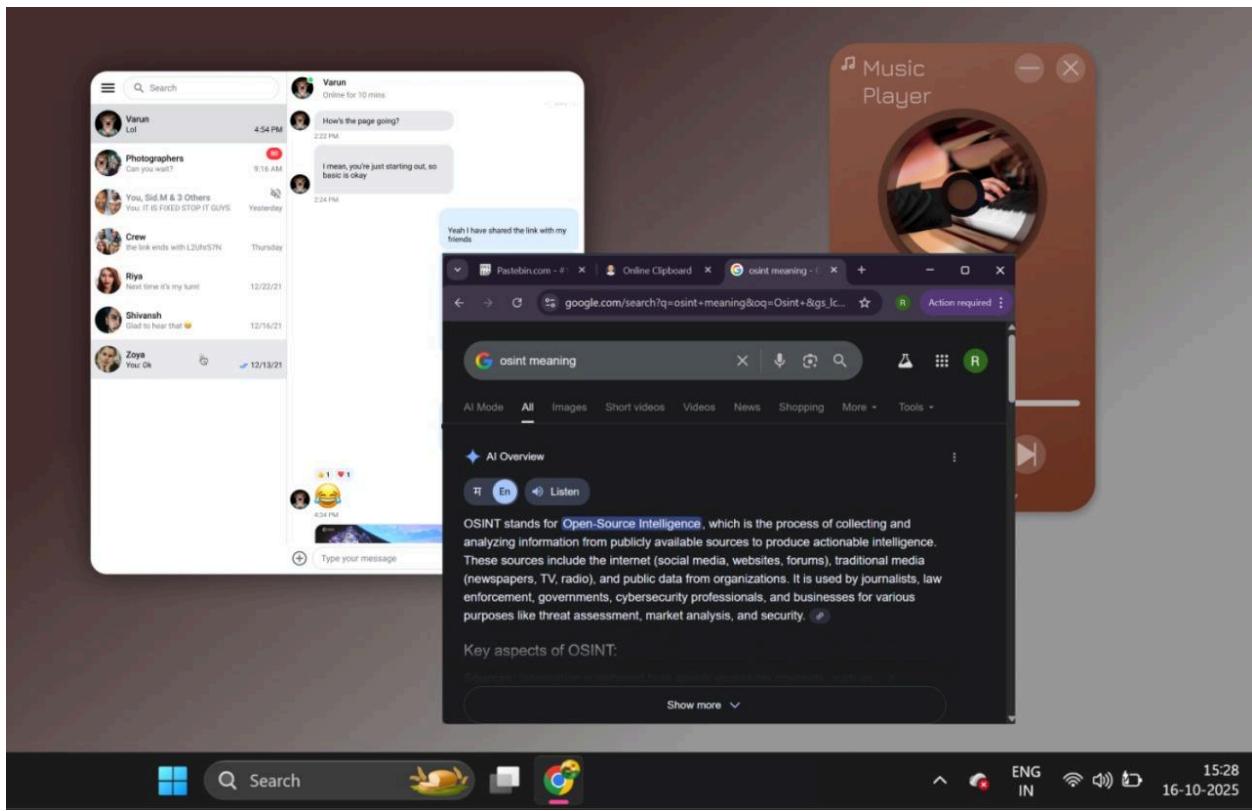

**Level :** Medium

**Description :** Help an investigatory agency find details about a wanna-be scammer who accidentally left his desktop screen open. Report to them his details and get the flag.

=====

### 1. Desktop Analysis : Phase 1

- A few applications are open.
- The chat with 'Varun' reveals that he is currently working on a project and has shared the link with his friends.
- On chrome, **pastebin**, clipboard and a few other tabs are open.
- The pastebin URL can be constructed using one of the chats : '*the link ends with L2UhrS7N*' (<https://pastebin.com/L2UhrS7N>) which would lead to a list of names of random domains.

### 2. Pastebin : Phase 2

- There is only one domain that leads to a website : <https://profilepage-dev.vercel.app/>
- The rest of the websites don't exist.

### 3. Profile Page : Phase 3

- Inspecting the source code of the profile reveals his name 'Reyansh Shrof'

#### **4. Social Media Platforms : Phase 4**

- On searching up his name, it reveals that he has 3 social media platforms : Reddit, X and LinkedIn.
- **Reddit** : He is not that active there. He also has a discord server link in his bio.
- **LinkedIn** : It has a list of the projects he had made, including a website called DJBank, also leads to his GitHub account.
- **X** : He has only liked posts from the Artist ‘Justin Bieber’. He has also commented about his dog ‘Shiru’ and how he uses his name as a password everywhere.

#### **5. Github : Phase 5**

- On analysing the source code for the DJBank website, it is revealed as a comment that the contact email was removed.
- On viewing the snapshot on wayback, his email ID [reyanshshrof@gmail.com](mailto:reyanshshrof@gmail.com) is visible.
- The medium link is mentioned in his bio.

#### **6. Medium : Phase 6**

- Contains an article about a recent project ‘Echo Trace’ he was working on.
- It is revealed that user AngelWisdom has helped him in that project.

#### **7. Discord : Phase 7**

- His reddit bio contains a link to a discord server.
- A conversation between two users proceeds : Reyansh is talking to his friend about how an investigatory agency is after him, providing their email ID `@y0u7h1nkyouresmarter` and offering a reward in exchange for his personal information.
- He has a document containing all the personal information the agency needs, but it is all password protected. *The password is ‘shiru’ as mentioned in the earlier hints.*
- On emailing the answers to `y0u7h1nkyouresmarter@gmail.com` , the flag is sent as a response.

- 
1. Full Name of the Suspect  
2. Favorite Artist  
3. Email ID  
4. Person responsible for helping him in making the project ‘Echo Trace’
- 
- \*\*\*\*\*
- 

The flag is DJSISACA{g0t\_c@ught!:)}
